Commercial Deposits Online

Commercial Deposits Online enables account opening for sole proprietors, business partnerships and corporations.

Thirdstream empowers financial institutions by simplifying and streamlining commercial deposit account opening for businesses.

Our platform prioritizes both business owner convenience and institutional efficiency. Businesses can initiate and complete the onboarding process online, anytime and anywhere, eliminating the need for unnecessary appointments or paperwork.

Thirdstream combines online data capture, identity verification, and real-time account funding – all within a single, user-friendly platform. This not only simplifies the process for businesses but also improves operational efficiency for your institution.

Integration

Integration with national registries delivers relevant data for incorporated and unincorporated entities.

Validation

Regulatory validation guarantees precise data and form fulfillment.

Facilitation

API integrations facilitate paperless onboarding and effortless payment transfers.

Automation

Workflow automation digitizes processes, minimizing errors, and enhancing customer engagement.

**Streamlined
Solution**

**Enhances

**Account
Openings**

Commercial Deposits Online – enables business account opening, validating corporate entities, and authenticating owners and shareholders, with all the complexity that entails. Applications are completed in as little as 10 minutes.

Commercial Deposits Online can be deployed in tandem with Commercial Deposits In-Branch, giving applicants the same experience on on location as they would online. It also allows applications to begin online for completion in-branch.

Streamlined Workflows from Onboarding Onwards: Thirdstream empowers financial institution staff to benefit from automated processes right from the start of a new applicant’s relationship. This eliminates unnecessary complexity and sets the stage for continued efficiency throughout the customer journey.

Customer Experience

Streamlined workflow engages applicants, regardless of location. Consistent experience across channels and devices ensures accessibility and convenience for all users.

Mitigating Fraud

Accommodating both single and multiple account holders, our solution offers flexibility to efficiently meet diverse business needs.

Efficiency

Seamless transition from online to in-branch delivers a smooth process, catering to varying preferences and requirements .

Scalability

Minimal staff training required for efficient onboarding support, optimizing resource allocation and ensuring a hassle-free experience.
